Dear Parent/Carer

I am writing to inform you that the progress update report for this term has been given to your son/daughter. This details their current attainment grade for each subject and their growth mindset attitude to learning.

Please read the information provided in the report for more details about the grading system used.

Following the report some students will be placed on a support programme with their form tutor. You will be given more detail about this if it applies to your son/daughter.

If your son/daughter is planning to apply for a university place and hasn't yet completed and sent their UCAS application, please urge them to do this now. For students looking for an apprenticeship it is recommended that they start to do this in January. All students have access to Unifrog to help look for apprenticeships. If your son/daughter requires help with this please contact Mrs Drewer, our transition coordinator. Students can also request a careers interview. Please contact Mrs Eiffert who can book this.

Students studying A levels will receive their PPE results on Tuesday 19th December. They may be required to re-sit these papers (or parts of papers) if they have underachieved. There will be additional PPEs in March for all A level students.

Thank you for your ongoing support. I wish you all a very Happy Christmas.

Yours sincerely

Miss K Brewer
Assistant Headteacher, Head of Sixth Form
